The Florida Consortium
on Postsecondary Education
& Intellectual Disabilities

Consortium Objectives

OBJECTIVE 1

Expand existing transition programs at 3 campuses & fully align with criteria established for Comprehensive Transition Programs for Students with Intellectual Disabilities into Higher Education

OBJECTIVE 2

Work with 9 existing postsecondary transition programs to align them with the Comprehensive Transition Programs for Students with Intellectual Disabilities into Higher Education

OBJECTIVE 3

Develop additional postsecondary transition programs for students with intellectual disabilities across Florida

Objective
1

Emphasis on expansion
of agency & business
partnerships & a
comprehensive
curriculum with inclusive
academics leading to a
meaningful credential

Objective
2

Objective
3

Strategies

- Annual Symposium of Stakeholders
- Technical Assistance
- Communication/Website
- Relevant Products
- Mini-grants for site development

Best Practices

- COLLABORATION
- BRAIDING RESOURCES
- COORDINATION/MOU
- HIGH EXPECTATIONS for **ALL** STUDENTS
- INCLUSIVE SETTINGS
- CHOICE/PERSON CENTERED PLANNING
- EMPLOYMENT OUTCOMES

About Florida Transition Postsecondary Programs for Students with Intellectual Disabilities

The mission of Project 10: Transition Education Network, hereinafter referred to as "Project 10," is to assist Florida school districts and relevant stakeholders in building capacity to provide secondary transition services to students with disabilities in order to improve their academic success and post-school outcomes. Project 10 serves as the primary conduit between the Florida Department of Education, specifically the Bureau of Exceptional Education and Student Services (BEESS), and relevant school district personnel in addressing law and policy, effective practices, and research-based interventions in the area of transition services for youth with disabilities.

Project 10 is currently focusing on four major initiatives outlined below: Capacity Building, Interagency Collaboration, Transition Legislation and Policy, and Student Development and Outcomes. The project also supports transition initiatives developed through BEESS and the BEESS Transition Steering Committee.

Recent Blog Post

Identifying Postsecondary Options

Students who complete high school have several postsecondary options. Unfortunately, many high school graduates, including students with disabilities, are not adequately prepared to succeed in postsecondary education.
